

Project Design Phase

Problem – Solution Fit Template

Date	15 February 2026
Team ID	LTVIP2026TMIDS54318
Project Name	BookNest
Maximum Marks	2 Marks

Problem – Solution Fit Template:

The Problem-Solution Fit simply means that you have found a problem with your customer and that the solution you have realized for it actually solves the customer's problem. It helps entrepreneurs, marketers and corporate innovators identify behavioral patterns and recognize what would work and why

Purpose:

- ☐ Solve complex problems in a way that fits the state of your customers.
- ☐ Succeed faster and increase your solution adoption by tapping into existing mediums and channels of behavior.
- ☐ Sharpen your communication and marketing strategy with the right triggers and messaging.
- ☐ Increase touch-points with your company by finding the right problem-behavior fit and building trust by solving frequent annoyances, or urgent or costly problems.
- ☐ **Understand the existing situation in order to improve it for your target group.**

Purpose / Vision

Define CS, fit into CC 1. CUSTOMER SEGMENT(S) Who is your customer? Students and avid book readers	6. CUSTOMER What constraints prevent your customers from taking action or limit their choices of solutions? i.e. spending power, budget, no cash, network connection, available devices. - Limited budget - Basic smartphone access - Unstable internet in remote areas	5. AVAILABLE SOLUTIONS Which solutions are available to the customers when they face the problem or need to get the job done? What have they tried in the past? What price & costs do these solutions have? i.e. pen and paper is an alternative to digital note-taking - Amazon (broad selection, but overwhelming UI) - Local bookstores (limited variety) - Flipkart (limited to certain genres) BookNest Advantage: Simple UI, book-focused, tailored to readers
Focus on J&P, tap into BE, understand RC 2. JOBS-TO-BE-DONE / PROBLEMS Which jobs-to-be-done (or problems) do you address for your customers? There could be more than one; explore different sides. i.e. Difficulty finding specific books in local stores. And Lack of personalized recommendations	9. PROBLEM ROOT CAUSE What is the real reason that this problem exists? What is the back story behind the need to do this job? i.e. customers have to do it because of the change in regulations. - Overcrowded e-commerce platforms - Lack of student-targeted book discovery tools	7. BEHAVIOUR What do your customers do to address the problem and get the job done? i.e. directly related. Find the right solar panel installer, calculate usage and benefits; indirectly associated: customers spend free time on volunteering work (i.e. Greenpeace) - Frequently searches online for books - Checks reviews before buying - Follows book influencers
Identify strong TR & EM 3. TRIGGERS What triggers customers to act? i.e. seeing their neighbor installing solar panels, reading about a more efficient solution in the news. i.e. Upcoming exams or reading deadlines and Desire to explore new genres 4. EMOTIONS: BEFORE / AFTER How do customers feel when they face a problem or a job and afterwards? i.e. lost, insecure > confident, in control - use it in your communication strategy & design. Before: Frustrated, confused, indecisive After: Satisfied, confident, motivated to read more	10. YOUR SOLUTION If you are working on an existing business, write down your current solution first. Fill in the canvas, and check how much it fits reality. If you are working on a new business proposition, then keep it blank until you fill in the canvas and come up with a solution that fits within customer limitations, solves a problem and matches customer behavior - Clean UI for exploring books - Smart search + filters - Wishlist and integrations - Personalized recommendations - Affordable price listings for students	8. CHANNELS of BEHAVIOUR 8.1 ONLINE What kind of actions do customers take online? Extract online channels from #7 Online: BookNest, Google Search, YouTube Reviews 8.2 OFFLINE What kind of actions do customers take offline? Extract offline channels from #7 and use them for customer development. Offline: Book fairs, college book stalls
